The Singapore Buddhist Federation applauds the timely involvement and advice by the relevant authorities in stopping the potential damage being done to both Buddhist and Taoist communities by inappropriate and insensitive remarks made by Rev Pastor Rony Tan.

Lord Buddha taught us to be compassionate and forgiving, but repentance must be sincere and follow up with deeds lest this untoward event be forgotten and be repeated.

Genuine and continual inter-faith consultation is preferred instead of open instigation. In this regard, the Singapore Buddhist Federation welcomes all initiatives from all quarters to facilitate maintenance of religious harmony in Singapore.
